PAPERS PRESENTED AT PROFESSIONAL MEETINGS

Befus, K. S. R. E., Hanson, A. B., Busbey, and Breyer, J. A., 2009, Nonexplosive and explosive magma/wet-sediment interaction in the shallow subsurface during Eocene magmatism in the Trans-Pecos igneous province, Texas: South-Central Section, Geological Society of America, Annual Meeting, Dallas, Texas.

Bunting, P. J., and Breyer, J. A., 2009, Barnett Shale (Mississippian) lithofacies, Fort Worth basin, Texas: South-Central Section, Geological Society of America, Annual Meeting, Dallas, Texas.

Beefus, K., Hanson, R., Breyer, J., and Busbey, A., 2006, Paleogene basaltic peperites developed in Cretaceous to Paleogene strata in the Big Bend area of West Texas: South-Central Section, Geological Society of America, Annual Meeting, Norman, Oklahoma.

Beefus, K., Hanson, R., Lehman, T. and Breyer, J., 2006, Late Cretaceous phreatomagmatic volcanism at Pena Mountain, Big Bend National Park, Texas: South-Central Section, Geological Society of America, Annual Meeting, Norman, Oklahoma.

Dennie, D. P., and Breyer, J. A., 2000, Gravel clasts and the depositional history of Quaternary (?) deposits exposed along Cottonwood Wash, Rosillos Mountains, Brewster County, Texas: Geological Society of America, Annual Meeting, Reno, Nevada

Breyer, J.A., 1985, Coarsening-upward tidal sequences in the Wilcox Group in East Texas: Southwest Section, American Association of Petroleum Geology, Fort Worth, Texas.

Breyer, J.A., 1979, Detrital grain parameters for sands of volcanic provenance: Analysis of detrital sand on the insular shelf of Puerto Rico: South-Central Section, Geological Society of America, Mountain View, Arkansas.

Breyer, J.A., 1975, The species of Tanupolama: South-Central Section, Geological Society of America, Austin, Texas.
